**VMA3 - European Economic and Social Committee
2, rue Van Maerlant - 1040 Brussels**

The Conference "Enhancing Participation among Roma People in Europe" will bring together representatives of EU and national institutions as well as non-governmental organizations to discuss barriers to civic and political participation for Roma. It will also propose solutions to be part of the overall approach of the EU for Roma's social inclusion and equal treatment. A parallel objective of the conference is participants to share experience and positive practices of Roma participation in their societies and political processes.
